CHANTRY NETWORKS TO DEMONSTRATE VOICE OVER WIRELESS TECHNOLOGY AT WI-FI PLANET CONFERENCE & EXPO

Chantry to Showcase the Benefits of IP-based Wireless Networking for Voice, Data and Application Traffic

WHO: Chantry Networks is the creator of BeaconWorks™, an innovative, Layer 3 wireless LAN (WLAN) solution. Founded in April of 2002, Chantry Networks is headquartered in Boston with offices in Chicago, Denver, New York, Washington, D.C., San Francisco and Toronto. Chantry is backed by top-tier investors including Flagship Ventures, Primaxis Technology Ventures, Venture Coaches/ Skypoint Capital and Ventures West.

WHAT: Chantry Networks will demonstrate the benefits of a routed infrastructure for wireless voice, data and application traffic this week at the Wi-Fi Planet Conference & Expo. Demonstrations will give attendees hands-on experience with the newest capabilities within BeaconWorks 2.0, the latest version of Chantry's WLAN solution designed for widespread adoption of voice over IP (VoIP) and voice over wireless (Vo-Fi) technology.

Chantry will demonstrate seamless IP roaming from one access point, or BeaconPoint™, to another. . .delivering virtually zero latency for wireless multimedia traffic and guaranteeing the highest QoS levels across multiple subnets through BeaconWorks' fast-handoff capabilities. Such sophisticated, cost effective wireless networking capabilities will enable companies worldwide to reduce costs of phone calls and achieve greater overall business efficiency. Chantry's product demonstrations will also include that of Captive Portal, 802.1x authentication, and its Web-based BeaconMaster™ management interface for multimedia wireless networking.

WHEN: June 9 - 10, 2004

WHERE: Wi-Fi Planet Conference & Expo, Baltimore Convention Center, Baltimore, MD. This show is the world's largest Wi-Fi business event, where 802.11 industry experts and business innovators converge to exchange ideas and strategies and chart new paths through this transforming technological landscape. Chantry Networks will be exhibiting and giving full product demonstrations in booth #326. For more information on the event, go to: <http://www.jupiterevents.com/wifi/spring04/>

About Chantry Networks

Chantry Networks is the creator of BeaconWorks, an innovative, Layer 3 wireless LAN (WLAN) solution. Offering unprecedented scalability and availability, coupled with unique network virtualization features, BeaconWorks overcomes the obstacles inherent in traditional WLAN systems to provide enterprises and service providers with the first economical and practical solution for building seamless and pervasive wireless networks. Founded in April of 2002, Chantry Networks is headquartered in Boston with offices in Chicago, Denver, New York, Washington, D.C., San Francisco and Toronto. Chantry is backed by top-tier investors including Flagship Ventures, Primaxis Technology Ventures, Venture Coaches/ Skypoint Capital and Ventures West.
