Paul Tinney Joins Spotwave Wireless as Vice President of Worldwide Sales and Marketing

*Technology veteran to speed momentum of carrier-approved indoor wireless coverage solutions
worldwide*

Ottawa, Ontario – January 31, 2004 – Spotwave Wireless, the only carrier-approved provider of indoor wireless coverage solutions for North American carriers, today announced the appointment of Paul Tinney as the vice president of worldwide sales and marketing. Mr. Tinney has a proven track record in sales, marketing and general management in the global wireless market. Overseeing all of Spotwave's worldwide sales and marketing activities, Mr. Tinney will lead the drive to grow the company's expansion plan into new geographical markets. He will play a substantial role in the company's plan to forge strategic partnerships that will enhance Spotwave's product and service offerings to customers worldwide.

Mr. Tinney joins Spotwave from SS8 Networks, where he held the position of vice president and general manager of the company's security solutions group. In this role, he was part of a management team that led the company to become the leading provider of carrier solutions for network surveillance and monitoring.

"The addition of Paul Tinney to our executive management team brings the sales and marketing leadership needed to drive Spotwave's growth internationally," said Bill Carlin, CEO of Spotwave Wireless. "His considerable experience and knowledge of the cellular/PCS and broadband wireless markets in North America and overseas will enable Spotwave to build on its leadership position and capitalize on new emerging markets."

In his more than twenty years of technology experience, Mr. Tinney has held senior management positions at Space Imaging, LLC and Adaptive Broadband Corporation, where he was the senior vice president of global sales and operations. Additionally, Mr. Tinney held various senior positions at Motorola, where he played a key leadership role directly impacting the forging of new markets and revenue growth.

"Spotwave is a great company with an even greater future - all built on a vision of ensuring reliable coverage for wireless users. I am excited to have the opportunity to join this organization at a time where it is poised for explosive growth globally," said Paul Tinney. "I look forward to helping the company build on its leadership in providing the ideal indoor coverage solution for wireless subscribers worldwide."

Paul Tinney Joins Spotwave as Vice President of Worldwide Sales and Marketing-2

Mr. Tinney holds a B.A. in International Relations from Brigham Young University, and a Masters in International Business Studies from the University of South Carolina.

About Spotwave Wireless

Spotwave Wireless provides carrier-approved, adaptive indoor coverage solutions that seamlessly bring the outdoor signal inside – ensuring that cell phones and wireless devices work reliably indoors where they are being used more often. Changing the economics of in-building wireless coverage, Spotwave's solutions are cost-effective, quick and easy to install, and require no maintenance. Spotwave solutions are also backed by a range of comprehensive installation services and support and are now the preferred coverage solution in networks operated by the top North American cellular and PCS carriers. The company website is www.spotwave.com.
